# My body wall picture

**1** Prepare some papers with the length which suits the kid's height (you may joint some A4 papers together).

**2** Put the papers on the floor. Kid lies on the papers with different postures.

**3** Use marker to outline the posture on the papers.

**4** Draw the facial features and clothes for the body shape on the paper, and color them. Add some art materials on the picture if your home has any.

**5** Write the vocabularies that your kid has learnt in the Songbook near different body parts. K3 kids can try to write by themselves.

**6** Hang the picture on the wall. Parent can use it as a learning poster to revise the vocabularies with your kid every day.
